

LeasePlan - Tyre management

Time to change your tyres?

It's easier to leaseplan

Easy Tyre Management

Let's face it, getting a tyre changed is not the most exciting experience, but it is something that affects us all at some stage or another. So when it is necessary for a repair or replacement, it needs to be quick.

To live up to our promise of making it easier to leaseplan, we've redesigned our tyre management

service to make sure you get the best possible all-round service, every single time.

The new service uses three carefully selected partners, who together offer a comprehensive UK wide network of branches, meaning there's bound to be one close to your home or workplace.

Dunlop

Goodyear

Pirelli

Bridgestone

600 branch locations, with a support network of over 900 independent outlets

Not just cars

Commercial vehicles are more than just oversized cars, they require specialist knowledge, equipment and products. And, with every hour of downtime costing upwards of £100, a rapid, round the clock response is essential.

So, to minimise the cost and disruption of any unavoidable downtime, you'll get access to over 300 commercial vehicle centres, as well as a 24/7 service, guaranteeing a maximum wait time of just 2 hours.

Important Note: We no longer use Kwik Fit for tyre repair or replacement.

How does the whole process work?

1

Contact your DriverLine and speak to a member of our driver support team

A guaranteed booking slot will be secured at a convenient location or via a same day mobile fitting service if booked by 11am.

2

3

With the right tyres ready and waiting, and dedicated service ramps, you'll be back on the road in no time

A better service, every time

Using the DriverLine to book your tyre repair or replacement not only means you can secure a slot at a time and location that suits you best, but with our instant driver feedback system, you can be sure you'll get the very highest standards of customer service.

Calling the LeasePlan DriverLine gives you access to all these services and more:

- Administration and fines
- Customer services
- Breakdown, accidents and vehicle damage
- European travel documentation
- Glass, tyres or other replacement parts
- Hire vehicles
- Insurance queries
- MOT certificates
- Order a new car
- Personalised number plates
- Purchase your existing car
- Road fund license
- Servicing and repairs

Please note that some services may incur an additional charge.
